## Mindful Mug Painting

We got creative last Wednesday!! ☺ It was lovely painting with everyone, taking a break, and enjoying the warm afternoon sun ☀

### UPCOMING OPPORTUNITY

#### S3B Student Lecture | Beyond the Circuit, Semiconductors in Electronics

From high-end microphones and cinematic cameras to drones monitoring the planet, today's most exciting tech is powered by one thing: semiconductors.

This student facing session will dive into how Australian companies [Blackmagic Design](#), [Aquila](#), and [RØDE](#) harness the power of chips to create smarter and faster electronics. Students will explore the role of semiconductors in these electronics and discover why these tiny components are the unsung heroes of modern innovation.

Thursday 16 October  
4.30pm – Registration & Light Catering  
5.15pm – Lecture commences  
Macquarie City Campus, level 24/123 Pitt Street, Sydney
